

INTRODUCTION

SYIS uses a web-based student information system called “PowerSchool”. The system handles attendance, grades, lunch, discipline, student information, student reports and school announcement.

BENEFITS OF USING POWERSCHOOL

Upon enrollment each student and parent will be given an online account. This will be the main form of communication from teachers regarding your student.

At any time the student or parent can log onto the SYIS server and receive information on the student’s grades, attendance, lunch account, etc.

Teachers will update their online grade book throughout the year in order to keep parents and students informed on their academic status.

Through the parent/student account and emails the school will inform parents of low lunch accounts, student discipline, and academic or attendance issues.

HOW TO USE

- 1 Go to <http://powerschool.syischina.com>. The login page will appear.
- 2 Enter your username in the first field.
- 3 Enter your password in the second field.
- 4 Click Enter.
